SLEEVE-IT SD1 is the only patented fence-post anchoring system that integrates stable fence footings into the support structure of an SRW while it is being constructed. Sleeve-It is a pre-engineered below-grade system for enhancing the fence foundation stability in an SRW taller than 30". Uniquely designed for ease of installation, Sleeve-It also maximizes the useable real estate on top of the wall by eliminating the 36" offset requirement for rails and fences under IBC 1015.2.

**COMPOSITION**

|~95% Post-Consumer Recycled Polypropylene|

**PROPERTY** | **VALUE*** | **UOM**
---|---|---
Total Unit | | |
Weight | 7 | pounds
Height | 23.4 | inches
Width | 15.3 | inches
Depth | 30.6 | inches
Volume | 1.673 | feet³
Base | | |
Height | 1.5 | inches
Perforated Lid | | |
Lid Aperture | 9.4 x 7.4 | inches

*Values are nominal.
